To Celia Thomson, Lloyd Oldfield and everyone at Waterfall Springs

I would like to say an enormous thank you for all your help and support Waterfall Springs has given me over the last 2 years.

In February 2007 I started at Waterfall Springs in conjunction with my course for Captive Animal Management Cert III. I was enthusiastically welcomed and was immediately given the opportunity to gain hands on experience with threatened and endangered species that are normally not easily accessible. The experience ranged from general husbandry to capture and restraint and also field work which is so hard to find.

My course required me to actively participate within the captive industry but until Waterfall Springs I had lacked the quality hands on experience which makes such an enormous difference to students moving into the industry.

From the time I started until the time I successfully completed my course, Waterfall Springs gave me the intimate knowledge and experience that I needed to achieve at the level that I did.

Many thanks!!!
